

CHILLER OPTIONS FOR CUSTOM COLD PLUNGES

COLDTURE WATER CHILLER PRO WITH FITTINGS

The Coldtune Water Chiller is perfect for anyone looking for a clean & consistent at-home cold tub experience. This powerful, compact cooling unit can chill the water to 37°F (2.8°C) for those seeking a deep chill.

Plus, with its Wi-Fi control and digital display, you can easily customize your bathing experience.

The chiller is built with industrial-grade components, making it tough enough to handle even the most rigorous use.

Get set up in minutes with a plug-and-play design.

Features:

Cools the Water Down to 37°F (2.8°C)

Plug and Play - Self-priming Circulation Pump

WiFi-enabled Temperature Control System

Indoor and Outdoor Use (14°F / -10°C)

Safety Shutoff

Industrial-grade Components

Two (2) Year Standard Warranty (excluding filters)

PENGUIN COLD THERAPY CHILLER WITH FILTER KIT

Whether you are new to cold therapy or a seasoned pro, you are likely doing it for the benefits that exposure to cold offers rather than the physical workout you'll get from lugging all the ice needed to keep up with it.

Let's face it - keeping up with the amount of ice needed to keep a ice bath cold can get to be quite the burden.

Our chiller will keep your ice bath cold effortless and should lead to more consistent and frequent usage. Make the most out of your ice bath by turning it into an iceless bath!

Features:

Cools water down to 37°F (2.8°C)

3/4HP High Efficiency Chiller
