

## HEATER OPTIONS FOR CUSTOM SAUNAS

### ELECTRIC – THE HUUM DROP HEATER

This electric sauna heater is inspired by the purest element of nature — a drop of water. The sleek and rounded design adds a touch of elegance to any sauna interior. In addition to its aesthetic appeal, the DROP heater boasts several outstanding features. This wall-mounted heater, despite its compact size, can accommodate up to 55 kg of stones, which is more than most wood-burning heaters. It provides a gentle and long-lasting steam and comes with durable stainless steel details.

DIMENSIONS:	15.35" x 13.2" x 23.3" High
WEIGHT W/O ROCKS:	24 lbs
Rock Capacity:	120 lbs
Mounting Type:	Wall Mounted
Wi-Fi Remote Option:	Available

### ELECTRIC – THE HUUM HIVE MINI HEATER

HIVE Mini electric sauna heater is perfect for slightly smaller saunas. With its round and majestic design, this sauna heater can still hold up to 170 kg of sauna stones, ensuring long-lasting and mild steam for sauna-goers. The details of the heater are made of durable stainless steel. Its compact size doesn't compromise on performance, making it a great option for those who want a high-quality sauna experience without needing a larger heater.

DIMENSIONS:	18" x 18" x 29.5" High
WEIGHT W/O ROCKS:	35 lbs
Rock Capacity:	300 lbs
Mounting Type:	Free Standing (Floor)
Wi-Fi Remote Option:	Available

## ELECTRIC - THE HARVIA KIP HEATER

The Harvia KIP electric sauna heater is a traditional Finnish wall-mounted heater with a built-in control panel. While being a surprisingly space efficient option, Harvia makes no sacrifices to achieve this goal. As a result of its space efficiency, it fits a wide variety of sauna sizes and layouts with ease.

The large stone space provides optimal heat release while also allowing the user to pour water thus creating a true Finnish sauna experience. The efficient thermal management of its design allows it to be wall mounted and for the temperature of the outer casing of the heater to stay comparatively low.

Built right in the heart of sauna culture in rural Finland, Harvia electric sauna heaters are designed by the foremost sauna experts and are assembled with high quality materials.

DIMENSIONS:	16" x 11" x 24" High
WEIGHT W/O ROCKS:	30 lbs
Rock Capacity:	44 lbs
Mounting Type:	Wall Mounted
Wi-Fi Remote Option:	Unavailable

## WOOD BURNING - THE HARVIA KIP HEATER

The wood burning sauna heater Kaamos, which means “Polar night” in Finnish, has a minimalist design with focus on durable materials and clean lines. The angular structure and matte black exterior compose this modern, stylish wood burning sauna heater, which has been designed and manufactured in Finland for exceptional functionality.

DIMENSIONS:	19" x 20" x 30" High
WEIGHT W/O ROCKS:	143 lbs
Rock Capacity:	132 lbs
Mounting Type:	Free Standing (Floor)
Wi-Fi Remote Option:	Unavailable
Front Safety Clearance:	19.7"
Side Safety Clearance:	11.8"
Back Safety Clearance:	7.9"
Top Safety Clearance:	50"

## WOOD BURNING – THE TIMBER GLOW HEATER

This heater combines exceptional durability, efficiency, and an authentic sauna experience. With the ability to hold up to 200lbs of sauna rocks, it ensures a soothing heat . Constructed with a rugged firebox made from 3/16" thick steel, it accommodates 16" long pieces of wood and delivers powerful, even heat output. The TimberGlow Sauna Heater features a versatile 4-1/2" chimney outlet, located at the top of the unit. This allows for flexible venting options: vent straight up, or, with a chimney elbow, vent out through the back or side wall.. Designed for durability, the TimberGlow heater is an ideal centerpiece for any home sauna. Experience the true essence of a wood-burning sauna with a heater built to last.

*NOTE – THESE HEATER OPTIONS ARE ONLY FOR THE LEISURECRAFT MANUFACTURED SAUNAS, ALLOWING YOU TO BUILD YOUR OWN OPTIONS. CONSULT EACH PRODUCT PAGE TO DETERMINE WHICH HEATER IS AVAILABLE ON EACH MODEL, AS NOT ALL ARE AVAIABLE ON ALL MODELS. ALSO NOTE HEATER WARRANTY INFORMATION.*
